

CachedFileLoader

```
classDiagram
    class CachedFileLoader
    class CurlCachedFileLoader
    class StdinCacheLoader
    CurlCachedFileLoader --|> CachedFileLoader
    StdinCacheLoader --|> CachedFileLoader
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'CachedFileLoader'. Below it are two boxes: 'CurlCachedFileLoader' on the left and 'StdinCacheLoader' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to the bottom of the 'CachedFileLoader' box, ending in an arrowhead. This indicates that both 'CurlCachedFileLoader' and 'StdinCacheLoader' inherit from 'CachedFileLoader'.
