

QObject

Ms::MTest

TestCompat206

```
graph BT; TestCompat206 --> QObject; TestCompat206 --> MsMTest[Ms::MTest];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'TestCompat206'. Two arrows originate from the top of this box: one points to the bottom of the 'QObject' box on the left, and the other points to the bottom of the 'Ms::MTest' box on the right. This indicates that 'TestCompat206' is a base class or superclass for both 'QObject' and 'Ms::MTest'.
