

QObject

Ms::MTest

TestSfzInputControls

```
classDiagram
    TestSfzInputControls --> QObject
    TestSfzInputControls --> Ms::MTest
```

The diagram illustrates a class hierarchy where **TestSfzInputControls** is a subclass of both **QObject** and **Ms::MTest**. A horizontal line with upward-pointing arrows at both ends connects the two parent classes, and a vertical line descends from its center to the child class box.
